Summary

Full Stack Web Developer with expertise in MERN, React (Vite), HTML, CSS, JavaScript, PHP/Laravel, C#, ASP.NET Core MVC, Node.js, and SQL/MongoDB. Experienced in building scalable web and mobile applications, supported by strong UI/UX design skills using Figma and Canva. Also skilled in office automation and workflow optimization. Focused on delivering intuitive, high-quality digital solutions.

Skills

Frameworks: ASP.NET Core MVC, Laravel, Angular, React (Vite), MERN

Languages: PHP, C#, Dart, JavaScript, HTML, CSS

Databases: MySQL, SQL, MongoDB

Tools: Git, Figma, Crystal Reports, Canva

Experience

Software Engineer *April 2026 – Present*

PayPro Private Limited

- Design, develop, and maintain scalable web applications using ASP.NET MVC and .NET Core.
- Write and optimize complex SQL Server queries and stored procedures.
- Integrate third-party APIs and services using REST API.
- Troubleshoot, debug, and enhance existing systems to improve performance.
- Collaborate with cross-functional teams to deliver high-quality software solutions.
- Develop frontend features using HTML, CSS, JavaScript, jQuery, and AJAX.
- Ensure applications follow best practices for reliability, security, and scalability.

.NET Core Developer *October 2024 – March 2026*

TechnoCom Development

- Maintained and enhanced cloud-based software applications.
- Worked closely with senior developers to implement new features.
- Optimized application performance and resolved technical issues.
- Participated in development and testing of new modules.

Development Journey

MadBookv2 – Accounting & Inventory Management System | *ASP.NET Core MVC, .NET 8, C#, SQL Server, Entity Framework Core*

- Developed an accounting and inventory management system with financial transactions, purchase and sales modules, and stock management.
- Implemented role-based access control, stored procedure-based reports, and Excel export functionality.

BazaarPK – Multi-Category E-Commerce Platform | *React 18, Vite, Material UI, ASP.NET Core 8 Web API, C#, SQL Server, Entity Framework Core*

- Developed a full-stack e-commerce platform with product catalog, shopping cart, wishlist, checkout, order management, and admin dashboard.
- Implemented JWT authentication, role-based authorization, inventory tracking, secure order processing, and sales reporting.

StockSuite – Mobile Accessories Wholesale ERP & POS System | *React, ASP.NET Core Web API, C#, SQL Server, Swagger, JWT Authentication*

- Developed a wholesale ERP and POS system for mobile accessories shops, covering purchases, sales, inventory, and stock management.
- Implemented user-wise access control, role-based permissions, JWT authentication, and secure API endpoints for shop operations.

Green Living Hub | *Flutter, Firebase, Dart*

- Sustainable lifestyle mobile app with carbon footprint calculator, community features, and Firebase authentication.

Education & Certifications

Education

- **ADSE – Advance Diploma in Software Engineering**, Aptech Garden
- **Intermediate**, Government College of Commerce & Economics
- **Matric**, The Smart School

Certifications

- **C# and .NET** – TestDome — Apr 2026
  View credential
- **SQL** – TestDome — Dec 2024
  View credential
- **Google Soft Skill Program** – PAFLA (Pakistan Freelancers Association)
- **Microsoft SQL Server** – ITRONIX Solutions — Dec 2024
  Credential ID: 100069670
